### About me

I am a positive, enthusiastic and competent Web Developer who, over the years, has built up a diverse range of skills, qualities and attributes that guarantee I will perform highly in this role. I have extensive experience working both alone and as part of a team on often time-sensitive, challenging web development projects that require outstanding creative and technical capabilities and the ability to ensure all work is optimized across a wide range of platforms. I take my work as a Web Developer seriously and this means I always ensure my skills are kept up to date within this rapidly changing industry. If you hire me as your Web Developer, I assure you I will fit into your team quickly, I will always put the commercial needs of your business at the forefront of everything I do, and the work I carry out will be consistent to a first-class standard.

I believe the skills and qualities I possess are a match for the job description. I have several years of experience in this industry which means I can come into your company and make a fast and immediate impact. I am a strong communicator, I work very well both on my own and as part of a team, I will always provide excellent customer service and I will always perform to a high standard whilst under pressure. I am a positive, forward-thinking person and I genuinely believe I can come into the team and help push the company forward towards achieving its goals.

- I am passionate about my work.
- I am ambitious and driven.
- I am highly organised.
